HON MINISTER
MINISTRY OF FOREIGN AFFAIRS AND INTEGRATION
ACCRA

ATTN: DIRECTOR, MULTILATERAL AFFAIRS BUREAU

Dear Madam,

MINAMATA CONVENTION ON MERCURY: REQUEST FOR EXEMPTIONS

According to Article 6 of the Minamata Convention on Mercury, any State or regional economic integration organization may register for one or more exemptions from the phase-out dates listed in Annex A (Mercury-added products) and Annex B (Manufacturing processes in which mercury or mercury compounds are used), by notifying the Secretariat in writing on becoming a Party to the Convention. Any such registration shall be accompanied by a statement explaining the Party’s need for the exemption. Technically, such countries can only do so before 16th August 2017, the date on which the Minamata Convention on Mercury enters into force.

After wide consultations with various stakeholders in the country, it has become clear that currently Ghana lacks the requisite data, information, technical and financial capacities to comply with the phase-out dates listed in Annexes A and B of the Minamata Convention.

Ghana has therefore decided to register for five (5) years exemption from all the phase-out dates listed in Annex A (Mercury-added products) and Annex B (Manufacturing processes in which mercury or mercury compounds are used) of the Minamata Convention on Mercury.

We wish to request the Hon. Minister of Foreign Affairs to notify the Interim Secretariat of the Minamata Convention in Geneva, Switzerland, on Ghana’s decision to register for exemption in line with Article 6 of the Convention. The letter of registration for exemption should be sent to the following address:

The Principal Coordinator
Interim Secretariat of the Minamata Convention on Mercury
Chemicals and Health Branch, Economy Division
United Nations Environment Programme (UNEP)
International Environment House 1
11-13 chemin des Anémones, 1219 Châtelaine, Geneva, Switzerland
We thank you for the anticipated cooperation.

Yours faithfully,

SALIMATA ABDUL-SALAM
CHIEF DIRECTOR
for: MINISTER

CC:

1. HEAD OF MISSION
   GHANA PERMANENT MISSION
   56, RUE DE MOILLESAU
   1209 GENEVA, SWITZERLAND

2. THE ACTING EXECUTIVE DIRECTOR
   ENVIRONMENTAL PROTECTION AGENCY
   ACCRA
Proposed format for the registration of exemptions for the products and processes listed in Part I of Annexes A and B

Annex A: Mercury-added products

<table>
<thead>
<tr>
<th>PART: GHANA</th>

The following non-electronic measuring devices except non-electronic measuring devices installed in large-scale equipment or those used for high-precision measurement, where no suitable mercury-free alternative is available:

- (a) barometers;
- (b) hygrometers;
- (c) manometers;
- (d) thermometers;
- (e) sphygmomanometers.

Please attach the explanatory statement on the need for an exemption, one statement per individual product category listed in Part I of Annex A.

As part of, or in addition to, the explanation of the need for the exemption, a registering Party may include, as appropriate, the following information:

- any timetable or plan of action to phase out the import, export, or manufacture or to adjust manufacturing specifications to comply with the mercury concentrations for products set out in Annex A; and
- information on the level of stocks of the product available nationally.

---

1 The intention is not to cover cosmetics, soaps or creams with trace contaminants of mercury.
Annex B: Processes that use mercury

REGISTRATION OF EXEMPTION FOR ARTICLE 5

PARTY: GHANA

The Secretariat of the Minamata Convention is hereby notified of the registration of the following exemption pursuant to paragraph 1 of article 6 of the Convention.

<table>
<thead>
<tr>
<th>Manufacturing processes using mercury or mercury compounds set out in part I of Annex B</th>
<th>Indicate the category or subcategory for which the exemption is registered.</th>
<th>Duration of exemption (if less than five years past the phase-out date)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chlor-alkali production</td>
<td>X</td>
<td>5 Years</td>
</tr>
<tr>
<td>Acetaldehyde production in which mercury or mercury compounds are used as a catalyst</td>
<td>X</td>
<td>5 Years</td>
</tr>
</tbody>
</table>

Please attach an explanatory statement on the need for the exemption, one statement per process category.

As part of, or in addition to, the explanation of the need for the exemption, the registering Party may include, as appropriate, the following information:

- any timetable or plan of action to phase out the use of mercury in facilities; and
- identification of the facilities for which an exemption is being registered, including the capacity of the facilities and the expected annual use of mercury by the facilities.
