

WORKSHOP PROCEEDINGS

CENTRAL AND EASTERN EUROPE AND CENTRAL ASIA REGIONAL WORKSHOP IN
SUPPORT FOR THE RATIFICATION AND EFFECTIVE IMPLEMENTATION OF THE MINAMATA
CONVENTION ON MERCURY
9 TO 10 APRIL 2015, BRATISLAVA, SLOVAKIA

HELD BACK-TO-BACK WITH THE REGIONAL PREPARATORY MEETING FOR THE 2015 MEETINGS OF THE
CONFERENCES OF THE PARTIES TO THE BASEL, ROTTERDAM AND STOCKHOLM CONVENTIONS

1. The Central and Eastern European and Central Asian regional workshop in support for the ratification and effective implementation of the Minamata Convention on Mercury and the regional preparatory meeting for the 2015 meetings of the Conferences of the Parties to the Basel, Rotterdam and Stockholm Conventions, were held back to back at the Hotel Baronka in Bratislava, Slovakia, from 7 to 10 April 2015. These two events were organized by the Interim Secretariat of the Minamata Convention and the Secretariat of the Basel, Rotterdam and Stockholm Conventions (BRS), with the support of the Basel Convention Regional Centre in Bratislava, Slovakia, thanks to the generous contributions of the European Union, Norway and Switzerland.
2. The meetings were attended by approximately 70 participants, including representatives from 21 Central and Eastern European and Central Asian countries, 4 intergovernmental organizations, 4 non-governmental organizations, 2 Basel and Stockholm conventions regional. The following Central and Eastern European and Central Asian countries were represented: Albania, Armenia, Azerbaijan, Bulgaria, Croatia, the Czech Republic, Estonia, Georgia, Hungary, Kazakhstan, the Kyrgyz Republic, Latvia, Montenegro, Poland, the Republic of Moldova, Romania, the Russian Federation, Serbia, Slovakia, the former Yugoslav Republic of Macedonia and Uzbekistan. The full list of participants is available in Annex 2.
3. The aim of the regional workshop on the Minamata Convention was to support countries in their efforts towards ratification and effective implementation of the Convention, building on the experiences of the previously conducted sub-regional workshops organized by the Interim Secretariat. The workshop was an opportunity to report on the progress to date and to find potential areas of cooperation within the region, to take stock of the outcome of the sixth session of the Intergovernmental Negotiating Committee as well as prepare for its seventh session and the first Conference of the Parties to be held upon entry into force of the Convention. The workshop also included a joint Minamata and BRS session to discuss common topics between the four conventions, including financial resources for chemicals and wastes.
4. During the workshop, in addition to the presentations by the Interim Secretariat, a number of stakeholders shared their experiences, including participating countries who were invited to report on their progress towards ratifying and implementing the Convention. The full programme of the workshop is available in Annex 1. Additional information, including UNEP presentations for download, is available at www.mercuryconvention.org.

Background information:

In its resolution on arrangements in the interim period, the Conference of Plenipotentiaries on the Minamata Convention on Mercury, held from 10 to 11 October 2013 in Kumamoto, Japan called upon States and regional economic integration organizations to take, as soon as possible, the domestic measures necessary to enable them to meet their obligations upon ratification and thereafter to ratify, accept, approve or accede to the Convention with a view to its entry into force as soon as possible. The Conference further requested the Executive Director of UNEP to facilitate activities at regional and country level to support implementation during the interim period in an effective and efficient manner. The series of workshops conducted by UNEP to assist countries in their process towards ratification and early implementation of their obligations under the Convention respond to this request.
