Q7 1. Does the party have any primary mines that were operating within its territory at the date of entry into force of the Convention for the party? (Para. 3.)
No

Q8 c. If yes, please indicate Total amount mined

Q9 Additional information on this question if needed

Q10 3. Has the party endeavoured to identify individual stocks of mercury or mercury compounds exceeding 50 metric tons and sources of mercury supply generating stocks exceeding 10 metric tons per year that are located within its territory? (Para. 5.)
Yes

Q11 If the party answered Yes to Question 3 above: i. Please attach the results of your endeavour or indicate where it is available on the internet, unless unchanged from a previous reporting round.

Article_3_Question_3_stocks_and_sources.docx (13.4KB)
Q12  ii. Supplemental: Please provide any related information, for example on the use or disposal of mercury from such stock and sources.

During the reporting period there was one chlor-alkali facility using mercury electrolysis process in Finland. This process was shut down in December 2017. Mercury from this facility is considered to be waste, and most of it has already been sent for disposal (stabilization followed by underground disposal) in Germany. There is also one zinc smelter which generates mercury. The amount of mercury generated varies annually. In 2017 and 2018 it exceeded 10 metric tons. This mercury is also considered to be waste and sent for disposal (stabilization followed by underground disposal).

Q13  5. Has the party received consent, or relied on a general notification of consent, in accordance with article 3, including any required certification from importing non-parties, for all exports of mercury from the party’s territory in the reporting period? (Para. 6, para. 7.)

No (not applicable, no exports from Finland)

Q14  If yes,a. and the party has submitted copies of the consent forms to the secretariat, then no further information is needed. If the party has not previously provided such copies, it is recommended that it do so. Otherwise, please provide other suitable information showing that the relevant requirements of paragraph 6 of article 3 have been met. Supplemental: please provide information on the use of the exported mercury.

Q15  Kindly attach all relevant information here

-  

Q16  b. If exports were based on a general notification in accordance with article 3, paragraph 7, please indicate, if available, the total amount exported and any relevant terms or conditions in the general notification related to use.
